

# SureWare Travel Hub™

*Complete integration, control, and portability of corporate travel data*

## The Solution:

The **SureWare Travel Hub™** provides corporations with centralized management of all employee travel information including profiles with company hierarchy, travel preferences, memberships, booking, and credit card information. The Travel Hub guarantees accurate data – because it integrates directly with standard HR systems, and dynamically synchronizes profiles and consolidates booking and card data across multiple preferred travel agencies, GDS's, online booking tools, and credit card providers. Travel Hub offers complete integration, control and portability of corporate travel data – giving you the freedom and flexibility to work with the vendors, and pricing options that you choose.
